

AISO.net

SOLAR POWERED

WEB HOSTING PROVIDER

HOW TO CREATE A WEBSITE USING THE AISO SITE BUILDER

By Mark Taglianetti, USAF Veteran. CEO, Mook Print & Design

Step 1 - Set up your Domain

[Click Here](#)

Scroll down to DOMAIN SEARCH

ACCORDING TO THE EPA

Every year AISO.net's solar panel system will eliminate the production of:

- 34,488 lbs of Carbon Dioxide(CO2/GHG)
- 50.6 lbs of Nitrogen Oxide (NOX/Smog)
- 37.4 lbs of Sulfate (SO4/Acid Rain)

This is the equivalent of planting 8 acres of trees per year. Every hosting account with AISO is green and powered by on-site solar.

DOMAIN SEARCH

or

[Click Here](#) and it will take you directly to a search bar

Register Domain

Find your new domain name. Enter your name or keywords below to check availability.

Congratulations! [typeyournewdomainnamehere.com](#) is available!

\$15.50 USD

Type the domain name that you want for your website.

example : [mookpd.com](#)

Click on the **SEARCH** button after you type your domain name to check for availability.

Note: it is recommended to choose a domain that is unique and 15 characters or less.

You will notice that **GREEN TEXT** will appear below which means your domain name is available! If you see **RED TEXT** like the below image, that means you'll need to choose another domain name and a few suggestions will be listed to help you.

Register Domain

Find your new domain name. Enter your name or keywords below to check availability.

mookpd.com is unavailable

Once you have chosen a domain name and it is available, click on the **Add to Cart** button below the search bar.

Then [Click Here](#) to add Hosting for your domain.

Choose a Domain...

Use a domain already in my shopping cart

Register a new domain

Transfer your domain from another registrar

I will use my existing domain and update my nameservers.

Then Click on the **USE** button

Configure

Configure your desired options and continue to checkout.
